Purpose: Identify procedures for dispatching cross-staffed apparatus.

Cross-staffed apparatus shall be dispatched in the following manner:

Station 1

Special Hazards 1	Cross-staffed with crew of Engine 1
Brush 1	Cross-staffed with crew of Engine 1
Marine 5	Cross-staffed with crew of Engine 1
Marine 2	Cross-staffed with crew of Engine 1

Station 2

N/A

Station 3

Unit 3	Cross-staffed with crew of Engine 3

Station 5

N/A

Station 6

Truck 4	Cross-staffed with crew of Engine 6
DECON Trailer	Cross-staffed with crew of Engine 6

In the event the apparatus required for cross-staffing is OOS the FAO will immediately dispatch the closest fire apparatus to relocate and respond with the requested piece.

Note: Only two members (a driver and officer) will respond on brush units. Additional personnel (back-step positions) shall respond Code C with district engine company to the scene.
